DESCRIPTION

For the ALE250 automatic wire feed to deliver solder reliably, the guide has to match the wire diameter. This JBC guide kit is sized for solder wire of 0.4 mm diameter and can be swapped easily depending on the wire in use.

BENEFITS

- Matches 0.4 mm solder wire precisely to the automatic feed of the ALE250
- Quick, tool-free change when switching to another wire diameter
- Ensures even, jam-free wire delivery
- Suited to fine soldering work with thin solder wire

TECHNICAL DATA

Manufacturer	JBC
Item number	WL71817
