

Extension set two columns for MS35B and MS36B - Dino- Lite MS30X

Item no. MS30X**Manufacturer Dino-Lite**

The MS30X extends the MS35B and MS36B stands with two extra columns and a connector. Added height and working distance for larger inspection objects.

TECHNICAL DATA

Ausführungsklasse	TEC
ESD equipment	USB Mikroskop
HS-Code	90119090
Weight	0.3 kg

DESCRIPTION

ADDED HEIGHT FOR MS35B AND MS36B STANDS

The MS30X is an extension set for the Dino-Lite MS35B and MS36B stands. It consists of two extra columns and a connecting screw and raises the usable height of the stand. This increases the available distance between microscope and object, which helps when inspecting taller or larger parts.

FEATURES

- Two extra columns with connecting screw
- Each column 2.1 cm diameter x 29.2 cm length, total weight 300 g
- Extends height and working distance

COMPATIBILITY

Designed for the MS35B and MS36B stands. This is an extension part that requires an existing stand from that range.
