

Strong problem solvers for craft and industry! Made in Europe.

Cordless professional drill/grinder IBS/A

For drilling, milling, grinding, polishing, cleaning, cutting, engraving and signing.

With variable electronic speed control for high torque, even in the lower speed range. Double-row ball bearing, precision spindle of ground steel and six triple slit MICROMOT steel collets (1 - 1.5 - 2 - 2.4 - 3 and 3.2mm) ensure high concentric accuracy. Bits and cutters run true. With 20mm MICROMOT collar for use in drill and horizontal stands. Supplied in a plastic case with 34 bits and cutters, as depicted here. Set includes IBS/A, lithium-ion battery Li/A2 (10.8V) and rapid battery charger LG/A.

The IBS/A is top-quality and his performance is comparable to our mains-powered counterparts. For outdoor jobs or if an extension lead needs to be used, this tool is very utile.

Technical data:

10.8V. 7,000 - 23,000rpm. Length 270mm. Weight approx. 700g (including battery).

NO 29 800

See us on YouTube!

The IBS/A comes safely packed in a practical, attractive and super-sturdy plastic case made from high-quality PP. A product label on the side of the case details its contents.

Cordless professional drill/grinder IBS/A, available individually

As described above, with 6 MICROMOT steel collets. But without battery, rapid charger and without bits and cutters. Packed in a cardboard box.

NO 29 802

Suitable accessories:

Tool sets for industry and dentistry

Video IBS/A

- High quality 10.8V lithium-ion battery with 2.6Ah for a performance comparable to the mains-powered counterpart.
- One battery charge allows for at least 30 minutes of use even at maximum power. No other cordless tool lasts longer in this class!
- Gear head of die-cast aluminium. Main housing of glass-fibre reinforced POLYAMIDE with soft component in grip area.
- With continuously variable speed control and special balanced DC motor: powerful, quiet and durable.

Practical:

The flat end cap of the battery enables the tools to stand upright as well.

The MICROMOT lithium-ion battery system: One battery and one rapid charger only for now already six professional tools:

Six power tools - one system!

Rapid battery charger LG/A

Charges the PROXXON lithium-ion battery Li/A2 in one hour. With integrated temperature control. LED signal light: Yellow = charging, Green = charged.

Technical data:

Input 100 – 240V, 50/60Hz. Output 12.6V, 2A. Weight approx. 340g.

NO 29 890

Lithium-ion battery Li/A2

For long and durable powerful operation of our MICROMOT cordless tools. With integrated temperature control for safe operation.

Technical data:

Voltage 10.8V. Capacity 2.6Ah. Length 85mm. Weight 180g.

NO 29 896
